Cool Water at Redding during the Summer

Redding gets hot during the summer and that makes for great water recreation. Whether you are splashing in our generous sized pool or go next door to the WaterWorks Park you can beat the heat.

Sun Dial Bridge in Redding

A favorite evening activity is to walk the river paths and cross the lighted glass Sun Dial Bridge over the Sacramento River. The Bridge connects the arboretum to the Turtle Bay museum. The river paths run for 6 miles with three pedestrian bridges across the Sacramento River.

The City of Redding also has a wonderful aquatic center with swimming pool and children's water features. Just a few feet from the swimming pool is a great skate board facility. Both are located within Caldwell Park a short 5 minute drive from Premier RV Resorts.

The Tale of the Falcated Duck

Sometimes we all get a little off track or even lost. Our Eugene resort has a visitor that falls in that category. Much to our surprise, one of our guests identified a very rare bird happily paddling around our lake about two years ago. The bird is a Falcated Teal Duck that is native to Siberia and Northern Asia. How he got to our pond, much less to the good old USA we have not a clue. He has become a very popular fall, winter and spring visitor. People

have come from as far away as New York just to see this duck. Avid ornithologists from all over the US call to see if our famous duck is in residence, then in some cases they jump on an airplane and fly from Florida, New York or other equally distant places just to catch a glimpse of this special duck. The duck seems very used to the attention now and simply paddles about. It is sad that he doesn't seem to have a "special friend" among the rest of our migrating bird

visitors.

The duck is spending his second season with us.

2005 Was a Record Year at Premier RV Resorts

Thanks to you, our wonderful guests, and in spite of the high fuel prices Premier RV Resorts enjoyed a record year in 2005. Redding, Salem and Eugene all recorded increases in business that exceeded 20%. We greatly appreciate your business. We know that one of the principal reasons we are seeing superior growth is because you are recommending us to your friends.

We also know that we owe our employees a big thank you. They consistently go the extra mile so that our guests have an exceptional experience. Our guests often share stories about our employees going above and beyond the call of duty. So thank you to our staff.

Many of you know Terry McMullen who is the manager and part owner of Premier RV Resort-Eugene and is the operations supervisor for the whole company. You may not know his daughter Isabella. Isabella was featured in an article written by a national consultant for the Woodall's Campground Manager Magazine. The writer of the article recently checked into our Eugene Resort and asked to meet the young lady who had taken his reservation because she was so proficient and so courteous. He was surprised to hear that Isabella, who is just 12 years old, was the person who had given him such great service on the telephone. We are proud of Terry for the way he trains all his staff

and especially proud of Isabella.

Highways Magazine Rates Redding the Best of the Best

Highways Magazine, the official magazine of The Good Sam Club has recognized 100 RV Parks in the nation as the "Best of the Best" based on their 2005 ratings. Redding was listed as the 22nd best RV park in the United States. The article ran in the May 2005 edition. This year we have been informed that we are ranked 11th in the nation! All Premier RV Resorts are Good Sam Parks and offer the 10% price discount to Good Sam members.

- **Granite Lake 8/10*/9.5**

Destination—The Spruce Goose

Drive 20 miles north of our Salem, Oregon resort and you will find the Evergreen Air Museum, the resting place of Howard Hughes Spruce Goose. Along side and under the Goose you will find many other notable aircraft exhibits.

After a nostalgic tour of the air museum detour through historic down-

town McMinnville. The main street is filled with interesting shops. If it is late enough in the day for dinner

try Nick's Diner. One of the best Italian eateries in Oregon. Or you might be in the mood for a hand crafted beer in the Historic McMinnamin's Hotel Oregon. If the weather is nice, try the rooftop dining for a unique experience! Try the home made French Fries...they are the best.

King Estate Winery—A Treasure

What could be more intriguing than to visit a winery with the name of Secret House or Witness Tree? Wine tasting options in the Willamette Valley range from boutique to large production wineries. Oregon has become known for its production of fine Pinot Noir and Pinot Gris but many other varietals produced in the Willamette Valley have been medal winners.

A good day of wine tasting starts at our Salem Resort. On Sundays you can start your tour at the Eola Hills Winery where they serve a terrific Sunday Brunch. The winery is just 3 miles west of our resort. Continue on to Bethel Heights winery or Stangland or Witness Tree. Our staff can help you with directions and winery information.

Our choice for wine tasting near our Eugene Resort is King Estate. The wine is great, the view divine and the winery is spectacular. As part of your outing you may want to stop at the Secret House, a small very intimate winery.

Farewell to Jim & Mary

Jim Justice and his wife Mary are retiring from their management duties at our Redding, CA resort. Jim was responsible for transforming a very "worn" old KOA to the 11th highest rated RV resort in America.

Jim and Mary will be sorely missed and we want to publicly give them a big thank you for all that they have

done for the company and for you, our guests.

Welcome Larry!

Larry Bailin has been named as the new manager of Redding. Larry and his wife moved to Eugene about 4 years ago from Southern, CA. Larry has been working part time at the Eugene Premier for about 2 years in addition to being the manager of the Cartwright Truck Wash. Previously Larry was a district manager for Union 76 in Southern California.

Larry and his wife have been RVing for the past six years. Larry looks forward to meeting all the loyal Redding customers and is committed to maintaining the high Redding standard of hospitality.
